Figure 1 consists of four bar charts arranged in a 2x2 grid, labeled (a), (b), (c), and (d). Each chart shows the percentage of respondents for different levels of agreement with the statement 'The government should do more to protect the environment'. The x-axis for all charts represents the level of agreement, with categories: 'Strongly agree', 'Agree', 'Disagree', and 'Strongly disagree'. The y-axis represents the percentage of respondents, ranging from 0 to 100. The data is as follows:

Chart	Strongly agree	Agree	Disagree	Strongly disagree
(a)	~10%	~40%	~45%	~5%
(b)	~15%	~35%	~45%	~5%
(c)	~10%	~40%	~45%	~5%
(d)	~10%	~40%	~45%	~5%
